

ENGINEER'S WIFE GAINS 26 LBS.

G. G. Geiger Says His Wife Suffered With Rheumatism For Years—Tanlac Entirely Overcomes Trouble

"Tanlac has not only relieved my wife of a very severe attack of rheumatism, but she has actually gained twenty-five pounds since she began taking the medicine," said Mr. G. G. Geiger, residing at 133 East Linden Street, Atlanta, Ga., for a number of years employed as engineer by the Georgia Railroad.

"I don't believe I ever saw anyone suffer with rheumatism as much as she did," continued Mr. Geiger in his statement to the Tanlac representative. "Sometimes her feet would swell so she couldn't get her shoes on. The pains in her arms was so great at times she would remark that they felt like they were about to drop off. She had severe headaches, and was dizzy and nervous all the time and unable to sleep well at night. Her appetite failed her and she lost a great deal in weight and strength. She sometimes got so bad off she would have to go to bed and stay for weeks at a time. When she was in bed she felt so tired and played-out she was never able to look after her housework."

"She tried all kinds of medicine, but nothing seemed to do her much good, and when I began to hear so much talk about Tanlac, I just made up my mind to lay all the other medicines aside and put her on Tanlac."

"She has now finished her fourth bottle and she is like a different woman. The rheumatism has been entirely relieved; she doesn't have the headache any more, is no longer nervous like she used to be, and she sleeps like a baby. She has a splendid appetite and has been gaining strength and weight right along, and as I have already told you, she has gained twenty-five pounds. She is full of life and energy now, and is looking after the housework like she hadn't ever been sick."

"I tell you, it's just wonderful the way this medicine has helped her, for she was almost a nervous wreck when she started taking it. I'll never be able to tell you how thankful I am for what it has done for her, and I'm recommending it to all my friends. Many of them have already begun taking it on my recommendation."

Tanlac is sold in Cookeville exclusively by Wyly Drug Co. adv.

PIEDMONT, Mo., R. 1

Wee are having some nice weather now and farmers are getting busy sowing oats and breaking corn land. Charley Allen and wife and little daughter visited Jimmy Smith and family Saturday night.

Tilman Allen and Misses Frances and Idella Allen visited W. B. Smith and family last Sunday.

James Smith and family visited W. B. Smith last Sunday.

Health isn't very good in this section, lots of colds and grippe.

Jim Warren is no better at this writing.

Della Swift, I am looking for a long letter from you. How I wish I could see all of you Tennessee people once more. It has been a long time since I saw that country. But I often think of the school days I spent at Mt. Union. I would like to be there. I know the country has changed a lot since I was there.

Hello, Aunt Mary Dennis.

CORA SMITH.

VALUE OF HERD RECORDS

(By H. C. Stockwell, Division of Extension, University of Tennessee.)

It has been demonstrated through testing associations, by individual records, and by the breed associations, that a systematic system of milk and butterfat records, and also a record of the feed consumed by each individual cow, is the only method of running a dairy on a business and profitable basis. It is impossible to breed up a herd of profitable cows without this system of checking each cow's performance by what she actually does at the pail.

When starting to keep herd records, a record sheet should be procured and placed on the wall of the barn in the most handy place. Then a pair of scales should be purchased and hung to one side of the record sheet. After milking each cow, the milk should be weighed and the weight recorded on the record sheet for future use.

At the end of each month, a sample of each cow's milk should be taken and tested for butterfat, and from these records the total amount of milk and butterfat can be calculated.

The record is not complete unless the amount and cost of feed consumed, which each cow consumes, is known. The feed should be weighed or measured, and if the latter method is used, the weight of feed which the measure contains should be known.

With the record of production and the amount and cost of feed consumed, it is easy to detect and eliminate the unprofitable cows in the herd.

After culling unprofitable cows in the herd, they should be sold to the butcher and replaced by profitable cows, and records kept on the new ones on the original basis.

HASTINGS, OKLA., R. 3

I have been a reader of the Herald for many years and I think it a fine paper and brings much pleasure to the readers, especially to those living far away on the western plains of Oklahoma. Spring time is here, the time when all living things take on new life. The daisies and wild flowers lift their smiling faces along the roadside. The bob white calls to his mate from the hedge and fields. The mocking bird sings from the topmost twig of the mulberry tree. The cows low softly as they nip the tender blades of grass and nature seems blossoming into beauty and contentment. This is the season when our plans and resolutions formulated during these cold winter months are put into motion. Every one should increase his or her determination to see how much better they can live this year in every way than they did last year.

The weather is fine here. Every body seems busy planting corn.

Wheat is looking fine, and lots of it.

How many of you farmer's wives like to raise chickens. It is a fine place here to raise them. I have 160 baby chicks, and 340 more eggs setting. Last year I sold butter, cream, eggs, chickens and some canned fruit to the amount of \$230, and have sold \$74 worth this year.

Litha, wake up and write to the Herald and tell me what you are doing.

Eva Mackie, you had better hurry and answer my letter and let me hear from them sweet little babes.

Mrs. Dahuff, write often, I read your letters with pleasure.

MRS. W. C. BENNETT.

FARM MACHINERY TO LET

We have two carloads of John Deere implements. The best is always the cheapest.

Smith & Davis Hardware Co.

NASHVILLE, TENN.

Mr. Editor, Herald Family, Relatives and Friends: It is a real pleasure for me this Monday morning to have another opportunity to send you all a hearty greeting. The last letter I wrote, if you remember, was during the first days of the new year, and I said something like this. The year 1916 is in the future, it's a song unsung, a book unread, and a story untold. And I hoped we would be able to meet the trials of the coming year bravely and, if the clouds came take courage and remember that behind them the sun was still shining. But did I think that before my letter was printed that my trials would be so hard, and the clouds would hang so heavy over me. But such was the case; so I said to myself, Mollie, you were preaching to yourself and did not know it; I did try to bear it all bravely, and did remember that behind this dark cloud the sun was still shining. Now this is what I mean: I received a message to come to Monterey; that my sister, Gertie, was thought to be dying, and I went at once and found her very low with pellagra, and for three weeks we had no hopes of her recovery, and for six weeks I never left her room for an hour, but must stay, we had a splendid doctor—one who knew to skillfully treat this dreadful disease. It was Dr. S. A. Johnson of Monterey, and the nurse, well, I will sign her name at the close of this letter.

We came home the last day of Feb. and Gertie stood the trip fine and seems fairly well. She is taking the hypodermic serum treatment, and we have good hopes of her soon being well again.

Mr. Rector, I want to thank you for your nice compliment. Hope I deserve a small degree of it, but will tell you as I did the little boy one time at Monterey. His father brought him to me one night at church, saying, "My son wants to speak to the lady who writes to the Herald." I said to him, "Tell your folks when you get home that I have no wings." So Mr. Rector, I am just human with faults and like other folks, I am not perfect, in the top of my head, but had always rather be good than to be President. Mr. Rector, you spoke about me not writing more often. I have often you would write to the Herald as you used to. Hope you will not keep your light under the bushel so long any more. Also Mr. G. Matheney, Irish Rose, Tabitha, T. B. Phillips, Lee Cantwell, Lola Lee West, and all the good old writers. So glad the Editor is going to have the writers sign their real names.

Hello, Geo. Davis, and Nisa, so sorry I did not get to see you while you were in Tenn. Also D. P. Peek, I would have been so glad to have seen you. Well, I did not get to see a Putnam County Herald, during the six weeks I spent at Monterey, but found them waiting for me when I came home, and as I read them, felt so sad to see that so many friends, been unusually fine, so so much—and one of my mother's sister's had passed away. The last time I bid my relatives, Health isn't very good in Aunt Jane Jackson good-bye she said, "this community at present."

"I will meet you in Heaven," and "I am looking forward to that day. When I read of dear brother W. L. Ray's death, his question came to me, 'Who will take his place in prayer meetings, in sickness, at funerals, to last week.'"

Dear Editor and Herald Readers: The writer has always enjoyed reading the Herald more than any other paper. But for the past month it has been unusually fine, so so much—and one of my mother's sister's had passed away. The last time I bid my relatives, Health isn't very good in Aunt Jane Jackson good-bye she said, "this community at present."

"I will meet you in Heaven," and "I am looking forward to that day. When I read of dear brother W. L. Ray's death, his question came to me, 'Who will take his place in prayer meetings, in sickness, at funerals, to last week.'"

write obituaries and many other good things he did," truly, I believe a good man is gone. It was Wm. Ray and his good wife, Mrs. J. R. Gollithan and the sainted wife of John B. Dow, with many others I could speak of, who came to our aid when we lost all we had by fire 22 years ago. This all comes fresh from my memory this morning.

Well, Aunt Haley Scarlett, sorry I did not get to send you a birthday greeting but I did not see your request until it was too late.

Well, Aunt Jane's passing away leaves you, Aunt Lucy and Aunt Elizabeth, and uncle Josiah. Aunt Elizabeth has lived to see her great-grandchild. My mother was only four years old when Aunt Elizabeth was married. Well, our loved ones are gathering yonder. Our friends are fast passing away.

Mr. Editor I have written such a long letter, but it has been so long since I had written, seemed as I could not quit writing, but will say a few more words and quit for this time. Must say to Brother Tabor, I endorse his letter. No war for me, and if hot headed Ted Roosevelt had been President our fair land would now be in war. I say this with best wishes to Mr. Roosevelt and everybody else. I do not think President Wilson a coward, but a brave man to want peace. When the angels announced the Saviour's birth they said "Peace on Earth, good will toward men." Not war on earth, and ill will to man.

MOLLIE DAHUFF.

SILVER POINT R. 3

Dear Editor and Herald Readers: We will jot down a few lines this afternoon. We are girls 12 and 13 years old.

Mr. J. W. Sutton is no better.

Mrs. W. E. Jared is still improving.

The death angel visited Mr. and Mrs. Daily Roberts and claimed for its victim their dear little baby.

Mrs. Mary Shanks and two little daughters visited Mrs. Cassie Thompson.

Miss Annie Thompson and the writer visited Miss Maggie Jared.

Benton Evans is visiting Mr. Willie Jared today.

A wedding of much interest was that of Miss Margaret Lee and Mr. Edgar Higginbotham. We wish them a long and happy life.

Mr. Willie Jared is plowing today.

There was a candy breaking at Joe Shanks last Saturday night and all who went report a nice time.

You Oklahoma and Texas writers, come on with your letters.

Miss Mandy Jernigan what is the matter with you? You never write to the Herald.

W. E. Jared received 15 birthday cards and one present, and all were highly appreciated.

Bard Fisher visits Brice Thompson this afternoon.

Ida Jared and Ellen Thompson.

ROUTE SEVEN

Health common.

Whitson Smith and Miss Rosie Bartlett were married last Thursday, J. V. Tolbat, J. P. officiating.

Mrs. J. P. Burris was thrown by a mule last Thursday and hurt very bad. Eld. Ben A. Fox joins the Herald reading circle for 12 months.

G. E. Williams bought a farm horse last week.

Miss Naoma Fox celebrated her 18th birthday recently with a large host of friends.

Roberts Bros. will have a counter sale at their store April the 8th. come and bring your barter and some money.

A. P. Warren was in our section on business last week.

Mrs. M. J. Roberts' mother, Mrs. Massa, of Ky, has been visiting her for several days.

Mrs. Minnie Williamson left for Cal., recently to her husband, Roscoe.

Mrs. Jada Holloway died last week and was buried at Dotson Branch cemetery. Eld. Ben A. Fox conducted the funeral services.

E. N. Roberts of the firm of Roberts Bros. went last week to buy goods for the firm.

Fletcher Williams went to Cookeville for Roberts Bros. last week.

Mack Ray of Spring Creek was out last week on matrimonial business.

Allen Lynn and Curtis has moved to the Harrison Lottis farm on Spring Creek.

Rev. Jim Brady filled his appointment at Spring Creek C. P. church last Sunday, and they organized a Sunday School. It meets each Sunday at 1 p. m.

The farmers met at Fair View last Saturday to talk and consider prices.

JAY CARRINGTON.

ALGOOD ROUTE 1

Dear Editor and Herald Readers: The writer has always enjoyed reading the Herald more than any other paper. But for the past month it has been unusually fine, so so much—and one of my mother's sister's had passed away. The last time I bid my relatives, Health isn't very good in Aunt Jane Jackson good-bye she said, "this community at present."

just returned home from Cliff Spring" at Cliff Springs together.

The writer's sister was just returned from her sister's, Mrs. Hiram Bilbrey's near Livingston last week.

Lora Suttle, I enjoyed reading your letter very much, writing again.

Lora do you remember those happy school days you and I have spent—

How and you all? Fine I hope. (Ed Wilson visited the home of

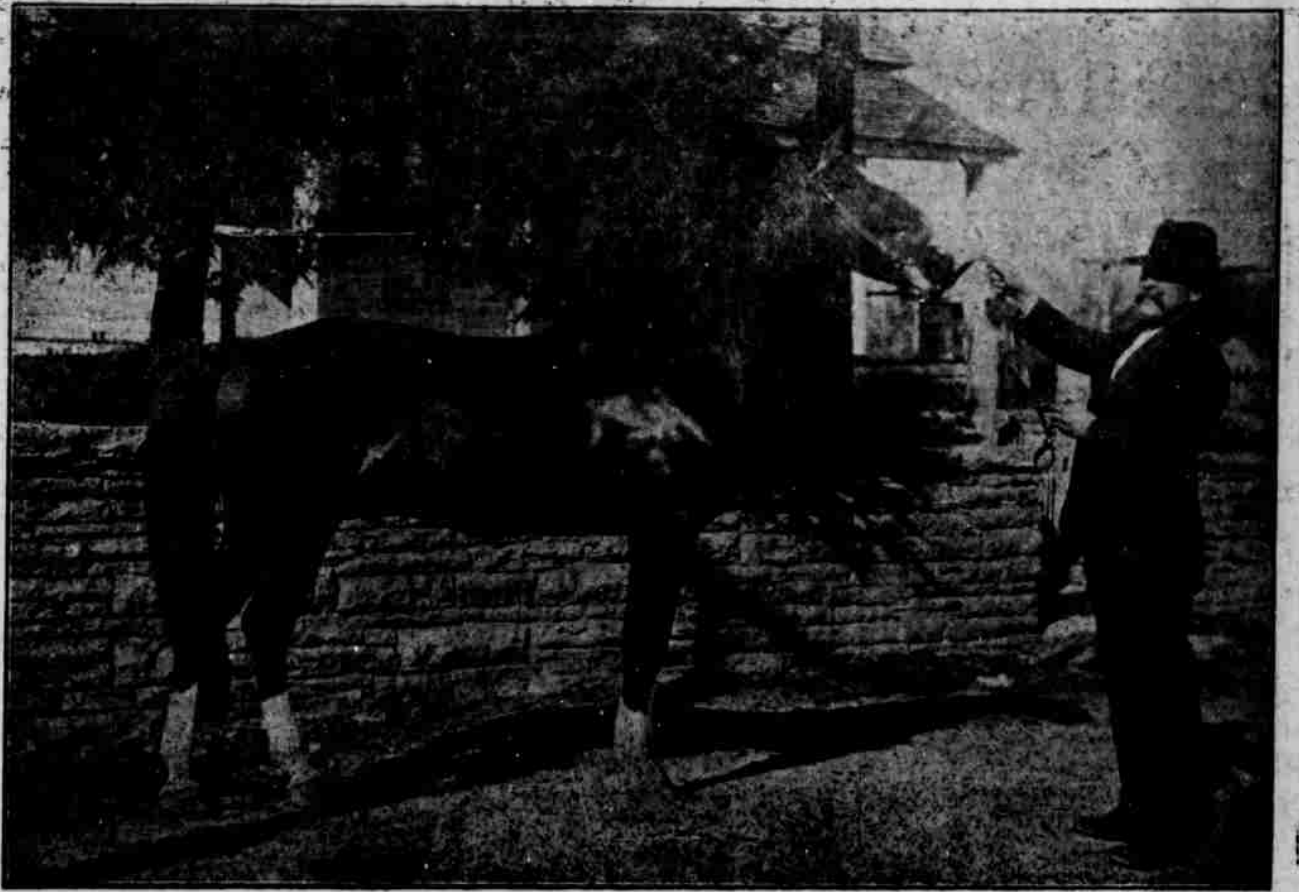

the writer one evening last week. Mr.

Editor, I am sending 25c for which send the Herald one year to Mrs.

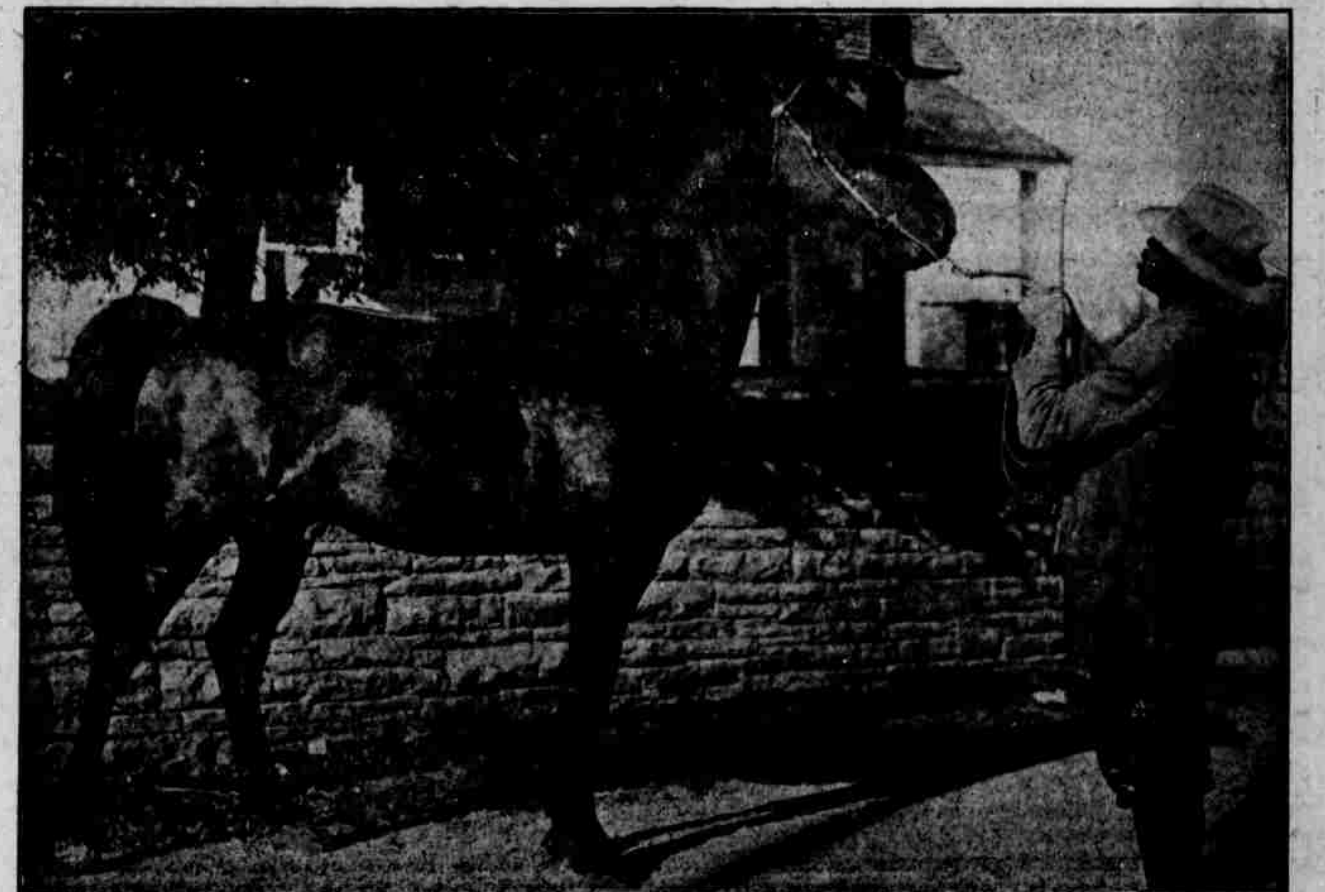

Mary Key, Rickman, R. L.

Wishing the Herald and our kind Editor much success.

LAURA TUDOR.

Peacock Lad This horse was sired by Old Peacock; he by Edgemark; he by Sam Jones; he by Scotch Thomas; he by Tom Hal. Peacock's first dam by Clipper and pronounced by good judges as the best saddle mare that was ever in Wilson county. Peacock Lad's first dam was by Dude; he by Clipper; he by Slasher; he by Copper Bottom. Dude's first dam by Black Hawk. This horse is a dark bay with four stocking legs; small stripe; white face; 15 hands, 3 in. high; weighs about 1100 lbs. fine mane and tail. Carries his tail to perfection. He is 9 years old this spring. The greatest old time walking horse in the state. \$15.00 to insure live colt.

Bay Artist This horse was sired by Lyon Artist 1925, by Erin Artist 150, by Artist 75, by King William 67, by Washington Denmark 64, by Gaines' Denmark 61, by Denmark F. S., by imported Hedgeford. First dam of Bay Artist was sired by Bill Gouldston's Hamiltonian 2:20 and she out of a Slasher mare, a noted saddle. This horse is a dark, solid bay. He is 7 years old, and is 16 hands high; weighs over 1200 pounds; big style; has a fine mane and tail and is a good combined saddle and harness horse. \$10.00 to insure a living colt.

His Majesty, Jr. This horse is a black and white spotted pony, a natural fox walk—er and tacker, trots well in harness, has fine mane and tail. Truly a combined horse in every way. Gentle and peaceful; a lady can drive him. He was sired by His Majesty of Gallatin, given up to be one of the best, if not the best, pony in Tennessee. His dam was a Prince mare, so you see he has royal blood in him. Weighs 775 lbs. I bought this pony of John Potter and Herbert West of Sparta, Tenn., at very high price. He is a great breeder. Makes a good cross with our larger mares. I invite all who are interested in ponies to call and see him, as you must see him to appreciate him. \$10.00 to insure a living colt.

The above three horses will make the season of 1916, at my place, 3 miles east of Cookeville at the prices named. When mare is traded or transferred season is due. All care will be taken to prevent, but will not be responsible should any occur. I also have two other fine horses and five jacks. Call and see my stock before breeding.

J. B. DOWELL, Cookeville, Tenn., R. 6
